

Dear 3rd Congressional District Delegate,

Difficult circumstances necessitate difficult choices. Prior to my election as Chair of the UTGOP, I ran on a platform of restoring fiscal integrity, transparency, and accountability to the Party. I intend to keep those promises. Our new officer board has inherited significant debt, as well as a budget deficit. In addition to the approximately \$130,000 in operating debt already known, and the \$308,000 in legal debt, we've just learned that \$30,000 remains unpaid from our Organizing Convention held two weeks ago at South Towne Expo Center. Conversely, the amount of money raised at that same convention was only \$1,200; less than 50 cents per delegate.

The UTGOP needs to become self-reliant. In order to do so, our officer board has unanimously agreed to ask convention attendees to remit a registration fee. The lowest fee, nationwide, we are aware of is Arkansas at \$79/person. Beginning with this convention, and going forward, we will ask convention attendees to help off-set the significant cost of these events.

The suggested amount for the June 17, 2017 CD3 Convention at Timpview High School will be \$20/person, if paid in advance, or \$25/person if paid at the time of the event. This is not a mandatory fee, but rather, a highly encouraged donation. The deadline for on-line preregistration will be noon on Friday, June 16th. We do not want this to distract from the important business of selecting a ballot nominee. Thank you for your understanding at this

difficult time. By working together, we will Right our Party. I appreciate your concerns as well as your support.
